EXECUTIVE SUMMARY

Aspiring Java Full Stack Developer with hands-on knowledge in Java, SQL, web technologies, and problem-solving. Skilled in building responsive applications and developing backend logic using object-oriented programming concepts. Passionate about learning scalable software development and cloud technologies.

SKILLS

Programming Languages: Java, SQL, Python, JavaScript

Tools: Git, GitHub, VS Code

Frontend: HTML5, CSS3, Bootstrap, React.js

Concepts: Data Structures & Algorithms, OOP

Backend: Core Java, JDBC, REST API Basics

Soft Skills: Team Management, Leadership

Database : MySQL, MongoDB

INTERNSHIP EXPERIENCE

LIVEWIRE | Python Development Intern

June 2024 – July 2024

- Developed hotel management system using Python.
- Implemented booking, billing, and customer management features.
- Worked with structured data handling and CRUD operations.

PROJECTS

Real-Time Collaborative Coding Interview Platform

[githubLink](#)

Tech Stack: Java, Spring Boot, React.js, PostgreSQL, WebSocket, JWT

- Developed a real-time collaborative coding platform with live code synchronization and secure JWT-based authentication.
- Built REST APIs for coding rooms, user management, and problem submissions using Spring Boot.
- Designed a responsive React.js interface with Monaco Editor for interactive coding and interview sessions.

Bingo Game Web Application

[Bingo_Game](#)

Tech Stack: HTML5, CSS3, JavaScript

- Developed an interactive web-based Bingo game with dynamic board generation and real-time gameplay updates.
- Implemented randomized number generation logic using JavaScript for fair gameplay.
- Designed a responsive and user-friendly interface for smooth gameplay across devices.

RF-Based Road Sign Detection and Driver Alert System

[githubLink](#)

Tech Stack: NodeMCU, RF Module, Embedded C

- Developed RF-based road sign detection system using NodeMCU and RF communication.
- Implemented real-time driver alerts using LCD display and buzzer.
- Improved road sign awareness through automatic signal detection.

EDUCATION

B.E. Electronics and Communication Engineering

2023 - Present

VSB Engineering College, Karur – CGPA: 8.15

Higher Secondary Education

2021-2023

Maruthi Higher Secondary School, Salem – 77%

CERTIFICATIONS

Java Foundation Certification - **Infosys SpringBoard**

Database and SQL - **Infosys SpringBoard**

Introduction to IoT and Digital Transformation - **Cisco**
